A MEMBER OF TRINITY HEALTH, SERVING IN THE TRADITION OF THE SISTERS OF MERCY

Proceeds from the Reindeer Ball benefit Pittsburgh Mercy's programs and services for families and children. As one of the largest health and human service providers in the region, Pittsburgh Mercy serves more than 33,000 people annually. Pittsburgh Mercy empowers individuals and families to overcome barriers and lead healthy, successful lives in the community. Many of our programs are unique to this region or address needs that other health and human service providers do not. Several of our programs have received acclaim for innovation and are being replicated by others as best practices. We continue to serve the most vulnerable women, men, and children of our community — individuals with mental illness, intellectual disabilities, addictions, and those who face homelessness, abuse, and other forms of trauma.
